Miscellaneous Publications.

I have been invited to write about my research on the effects of stereotypes on women's achievement in math and science for the American Physical Society's Committee on the Status of Women in Physics (the "Gazette") and this article was reprinted for the Committee on the Status of Women in Astronomy ("STATUS"), and for the Committee on the Status of Women in the Economics Profession (CSWEP). I also wrote thought pieces and humor as editor of *Dialogue*, the bulletin for the Society of Personality and Social Psychology.
